

Appzillon Business Banking

Built for Agility, Ready for what's next

In today's fast-changing financial landscape, enterprises and SMEs expect seamless, real-time banking experiences shaped around their unique needs. Yet, traditional banking is held back by complex systems, rigid processes, and disconnected channels.

Appzillon Business Banking breaks through these barriers—empowering banks to deliver secure, unified, and intuitive digital journeys, all on a modern, composable foundation.

Unlock the Next Generation of Business Banking

 Business Onboarding | Seamless client activation with tailored digital journeys and automated compliance.

 Payments & Cash Flow | Advanced payment controls and real-time cash flow insights with ERP integration.

 Trade & Supply Chain Finance | Paperless trade operations and real-time supply chain financing with compliance.

 Virtual Accounts | Real-time cash visibility and automated treasury operations for liquidity.

Purpose-Built for Modern Business Banking

Appzillon enables banks to simplify and elevate business banking for every client—from large corporates to agile SMEs. Our modular, unified platform helps you launch new offerings quickly, streamline compliance, and deliver consistently exceptional digital experiences.

Key Differentiators

End-to-End Business Journeys

Seamlessly connect onboarding, servicing, and transaction banking on a single platform.

Composable Architecture

Launch and scale products with plug-and-play components and ready APIs.

Omnichannel Access

Empower every business user—across web, mobile, and ERP touchpoints.

Enterprise-Grade Security & Compliance

Streamline compliance, security, and auditability for every region and business type.

Business Banking Solutions—Tailored for Impact

Core Solution

Business Onboarding

Fast-track client activation with parallel, role-based digital journeys and automated compliance for KYC, AML, and global standards.

Business Banking Servicing

Power payments, cash flow, and account management with advanced approvals and personalized dashboards.

Transform every business banking touchpoint—from onboarding to daily operations—on a future-ready, adaptable platform.

Suite of Solutions & Innovation

Trade Finance

Digitize trade flows with LC processing, document management, and SWIFT connectivity.

Cash Management

Real-time visibility, automated sweeps, and centralized cash control.

Supply Chain Finance

Support dynamic models and real-time data integration for buyers and suppliers.

SME Banking

Deploy lightweight banking setups for SMEs with intuitive, growth-focused features.

Virtual Accounts

Simplify cash management and reconciliation with secure, real-time virtual accounts tailored for business agility.

Why Leading Banks Trust Appzillon Business Banking

Accelerate Every Journey

Launch new business products and digital experiences in record time with composable building blocks, configurable workflows, and ready integrations.

Drive Efficiency, Lower Costs

Move beyond manual, fragmented processes—unlock automation, streamline compliance, and optimize operations to deliver more with less.

Delight Every Business client

Personalize engagement with rich, contextual dashboards, omnichannel access, and seamless experiences for corporates and SMEs alike.

Stay Secure & Compliant, Always

Rest easy with enterprise-grade security, built-in global compliance frameworks, and comprehensive auditability at every step.
