Powered by Appzillon

Appzillon delivers seamless digital banking experiences for individuals, businesses, and bankers.

Our Core Values Drive Excellence

Innovation

Driving banking transformation through intelligent, AI-powered solutions that redefine banking experiences.

Excellence

Delivering seamless, personalized, omni-channel digital banking journeys for banks and their customers.

Trust

Enterprise-grade security and adherence to global standards including GDPR, WCAG, RBI, FDIC, and PSD2.

Agility

MACH-based platform delivers solutions that swiftly address evolving business needs and dynamic regulatory requirements.

Partnership

Fostering a collaborative ecosystem to drive new growth opportunities through co-innovation.

The Appzillon Advantage – Digital Banking Platform

Connected Experience

Omni-channel and personalized journeys for customers and bankers across all touch points.

Composable Innovation

Utilizes MACH architecture to accelerate time-to-market and enhance ecosystem integration for new product launches and updates.

AI-Readiness

Adaptive intelligence that delivers real-time insights, risk mitigation, and business success.

Intelligent Interactions

Leverages advanced biometrics and voice-enabled capabilities to delivery digital journeys that inspire trust.

The Appzillon Advantage – Retail Banking Solutions

Personalized Engagement

Context-aware journeys with AI-powered budgeting tools, spend insights, and lifestyle integrations.

Specialized Solutions

Niche solutions for Agent Banking, Digital Branch, Islamic Banking, SuperApp, Financial Inclusion, and Family Banking.

Frictionless Servicing

Unified account management for self and assisted service across all channels with single codebase.

Regional Compliance

Adherence to constantly changing regional regulations and compliance standards.

The Appzillon Advantage – Business Banking Solutions

Smart Onboarding

Streamlined activation for SMEs and corporates with parallel workflows and automated compliance including KYC, AML, and OFAC.

Unified Operations

End-to-end unified omni-channel journeys for onboarding and servicing.

AI-powered Insights

Actionable insights to drive strategic business banking decisions.

Specialized Business Banking Solutions

Customized offerings for Trade Finance, Supply Chain Finance, Virtual Accounts, and Cash Management.

Measurable Impact

35% Cost Reduction

Lower TCO through automation and modularity

150K Accounts Opened Daily

Powered by Appzillon across all markets

3x Faster Time-to Market

Accelerated product launches with modular APIs

10x Speed with Minimal Investment

Higher efficiency with automated workflows

Security & Compliance Excellence

DevSecOps Integration

Built-in security throughout the development lifecycle with comprehensive observability and monitoring capabilities.

Global Standards Compliance

Full adherence to GDPR, WCAG 2.2, RBI, FDIC, PSD2, and other regional requirements for trust and auditability.

Enterprise-Grade Controls

Multi-layered security architecture with advanced threat detection, encryption and access controls for maximum protection.
